Nathan,

Excellent, thank you! If it works for you, we will send a calendar invitation with a link to join a Microsoft Teams meeting. Would you send me the email address for participants who should be added to the calendar invitation?

Thank you very much,  
Ruby

Dear Dr. Waterhouse,

On behalf of 11 Puerto Rican organizations, please find attached a letter highlighting new and glaring concerns about AES-PR and the urgency for EPA to take swift action to protect communities who have been contaminated for nearly two decades. These impacted groups also request a meeting to discuss these issues, and the enforcement needed from EPA before AES-PR escapes liability for cleaning up its enormous mess on the island due to its coal ash waste.

Sincerely,

**Nathan Park**
